

Triple Tower with Net

KPW301001

KOMPANI

Item no. KPW301001-0901

General Product Information

Dimensions LxWxH	483x462x344 cm
Age group	4+
Play capacity (users)	16
Colour options	●

This combination of fun and challenging play activities creates an irresistible play unit. Children will try it out and come back for more play, again and again. The layers of challenging play add something new to try out in every corner. The tall tower with the dare devil fireman's pole and the vertical pipe climber is great

training of muscles and motor skills for the oldest. It can be accessed also from the inclined net bridge from the lower tower, creating a balance act. The wackly bridge is an exciting challenge where children can balance and mildly sway their way over. This trains the senses of balance and space, which are

fundamental in confidently and securely mastering the body in the world.

Triple Tower with Net

KPW301001

Pipe climber

Physical: muscle strength, cross coordination, and spatial awareness when climbing. **Social-Emotional:** encourage socializing when seated on the bars.

Pipe ladder

Physical: cross coordination and eye-hand coordination are supported when children climb the ladder. The climbing also supports leg and arm muscles. **Social-Emotional:** learning about turn taking and cooperation.

Net bridge, inclined

Physical: walking the open net up or downwards develops balance, spatial awareness and cross coordination. **Social-Emotional:** interaction with children outside, socializing. Cooperation and consideration, e.g. when passing others.

Fireman's pole

Physical: coordination is supported when going down, as well as arm and core muscles. Landing strengthens bone density, which is built for life in early childhood. **Social-Emotional:** turn-taking and risk-taking.

Wackler bridge

Physical: sense of balance and space, and training of posture. Important for being able to sit still. **Social-Emotional:** cooperation, turn-taking and friendly competition on the plates.

Boarding net

Physical: the inclined net supports the upward climbing movement of the body. Cross coordination and physical strength are trained. The asymmetry of the net challenges the children's climbing.

Number and shape panel

Cognitive: stimulate children's language skills and knowledge of numbers and geometric shapes.

Triple Tower with Net

KPW301001

Panels of FSC®-certified (FSC®C004450) pine wood with pressure-impregnated base treatment. Vertical boards and top ends are protected by a unique aluminium profile for high outdoor durability.

Panels of 19mm EcoCore™. EcoCore™ is a highly durable, eco friendly material, which is not only recyclable after use, but also consists of material produced from +95% recycled post consumer material from food packing waste.

Roof of FSC®-certified (FSC®C004450) pine wood with pressure-impregnated base treatment.

Item no. KPW301001-0901	
Installation Information	
Max. fall height	148 cm
Safety surfacing area	49.4 m ²
Total installation time	14.9 hours
Excavation volume	2.26 m ³
Concrete volume	0.77 m ³
Footing depth (standard)	90 cm
Shipment weight	578 kg
Anchoring options	In-ground ✓ Surface ✓
Warranty Information	
Pinewood	10 years
EcoCore HDPE	Lifetime
Aluminum	15 years
Ropes & nets	10 years
Spare parts guaranteed	10 years

The main tower posts are available in two types of material: European pine wood posts, pressure impregnated Class 3 with Tanalith E3475 according to EN335 (Equivalent to NTR Class AB). Aluminum post t=2mm with anodized surface treatment. Base material EN AW-6060 T66.

Floors and panel activities are available in two types of material: Waterproof plywood decks, thickness 16mm from pine and alder wood with anti-slip film on both sides. High Pressure Laminate HPL thickness 17.8mm with slip-resistant surface texture according to EN 438-6.

The slides can be chosen in six different colors and three materials: Straight or curved one-piece molded PE slides, made from 33% recycled post-consumer materials in different colours. Combined EcoCore™ sides and stainless-steel. Full stainless steel in one piece design for more vandalism proof solutions.

EN 1176
compliant

Sustainability Data

KPW301001

Cradle to Gate A1-A3	Total CO₂ emission	CO₂e/kg	Recycled material
	kg CO ₂ e	kg CO ₂ e/kg	%
KPW301001-0901	1,083.43	2.52	24.30

The overall framework applied for these factors is the Environmental Product Declaration (EPD), which quantifies "environmental information on the life cycle of a product and enable comparisons between products fulfilling the same function" (ISO, 2006). This follows the structure and applies a Life-Cycle Assessment approach to the entire Product stage from raw material through manufacturing (A1-A3))
